Profile Summary

Self-motivated and passionate **Frontend Developer** transitioning from a **non-IT background to IT**. Strong foundation in **HTML5, CSS3, JavaScript, Bootstrap, and React.js (basics)** with hands-on practice through real-world projects. Quick learner, proactive, and eager to start a career as a **Junior / Entry-Level Frontend Developer**.

Technical Skills

Frontend Technologies

- **HTML5** (Semantic elements, forms, media) and more.
- **CSS3** (Flexbox, Grid, responsive design, animations), **Bootstrap Framework** and more.
- **JavaScript** (DOM manipulation, async/await, Fetch API) and more.
- **React.js** (JSX, functional components, props, state, hooks – useState, useEffect)
- **Tools** : Git, GitHub, VS Code

Professional Experience

Savina Software Pvt Ltd – Process Associate (Non-IT)

Mar 2022 – Aug 2024 | Hyderabad, India

- Worked in a **non-technical operations role**, handling guideline-based tasks, data review, and reporting.
- Assisted team members with documentation, internal coordination, and task tracking.
- Used tools like **Jira, MS Excel / Google Sheets, Email** for process support.

Career Break/ Transition (Sep 2024 – Till Now)

- Utilized this period to **transition from non-IT to IT (Frontend Development)**.
- Completed focused training in **React.js, HTML, CSS, Bootstrap, and JavaScript basics**.
- Built multiple **practice-based frontend projects** to gain hands-on experience. see my few projects (<https://github.com/Lathakumari443>)
